| Additional Comments | Funding for experimental systems and monitoring also available and not limited to \$7,000. Owners of principal residences or small commercial establishments that have an existing failing system may be eligible for grants or loans if they meet all eligibility criteria including income limits. Septic systems that fail by discharging to surface water, groundwater, or zones of seasonally saturated soils receive funding priority. Contact county zoning or health department offices for application forms, or with any program questions. The program is voluntary and the only counties <u>not</u> participating as of January 2006 are Ashland, Bayfield, Crawford, Douglas, and Florence. |
